"I admire the trainer, management, and all staff. Thanks for a wonderful, fun learning experience."

Ahmed Adel

Senior Procurement Specialist - ETISALAT

The Crash Diploma was very useful!

"This Crash Course was very useful and I will use what I learnt in my career. Also, I made many researches before joining this course about TASK & I got a very positive feedback from the market."

Mona Anter

Purchasing Supervisor - ELECTROMETER EL SEWEDY

"Having attended the CIPM course I was very happy with the format and the in-depth and up to date information presented. To date I have not found a course that will give such knowledge. Well recommended"

CUSTOMER'S VOICE

TASK

"CISCM"

Supply chain management certification key benefits ...

▶ Learn & Practice

First of all, during this supply chain course you will learn and practice what you are being taught through different case-studies.

▶ Exam Preparation

Also, one of our most strength points is to prepare you to pass the international CISCM exam from the first attempt.

▶ Hands-on Project

Finishing an entire project covering the whole course can be a real challenge, but the instructor will make it easy through a logical steps "This is our game".

▶ Getting Certified

Becoming Certified demonstrates to employers that you have the most relevant competencies and skills needed for the position.
