with Internationally  
Recognized **Certification!**

## About APICS:

---

**The Association for Supply Chain Management (ASCM),** formerly known as APICS, is an internationally recognized certification body and the global leader in supply chain, procurement, and logistics management. It aims to equip professionals with the "gold standard" in education, advanced skills, and global best practices to excel in the job market.

## CTSC Overview:

---

**The Certified in Transformation for Supply Chain (CTSC)** is a flagship strategic program within **ASCM (APICS)**. Rather than focusing on daily operations, this certification empowers professionals to lead digital transformation, manage change, and apply systems thinking to build resilient and future-ready supply chain networks.

## Who should attend

---

**The Certified in Transformation for Supply Chain (CTSC)** program is ideal for:

- **Supply Chain & Procurement Leaders:** Professionals tasked with driving digital transformation, improving network resilience, and optimizing end-to-end procurement processes.
- **Change & Project Managers:** Individuals responsible for implementing new systems, managing organizational change, and overcoming resistance within supply chain operations.
- **Supply Chain Consultants & Strategists:** Experts who advise organizations on supply chain redesign, SCOR-DS model adoption, and operational excellence.
- **Operations & Logistics Directors:** Leaders aiming to integrate modern technologies, sustainability, and systems thinking into their logistics and distribution networks.
- **Business Analysts & Tech Integrators:** Professionals analyzing current supply chain gaps and mapping the future state for technological upgrades.

## Course Outlines

---

The Certified in Transformation for Supply Chain (CTSC) course is a comprehensive program designed to equip professionals with essential knowledge and skills in supply chain management. The course is structured into **4 modules**

**Module 1:** Supply Chain Transformation Overview

**Module 2:** Preparing for Supply Chain Transformation

**Module 3:** Executing Supply Chain Transformation

**Module 4:** Review of Supply Chain Transformation

## Exam Information

---

- **Format:** 50 multiple-choice questions (MCQs)
- **Duration:** 3.5 hours
- **Mode:** Computer-based testing; conducted online (proctored) or in-person at authorized Pearson VUE test centers.
- **Exam Schedule:** On-demand scheduling is available year-round

## Course Delivery & Support

---

### Flexible Study Options:

- **Online Live Sessions:** Join interactive lectures via Zoom from anywhere.
- **Self-Study:** Access pre-recorded lectures anytime—perfect for fast-tracking your certification.

### Language:

- **Course Delivery:** Arabic
- **Study Materials & Exam:** English

### Expert Instruction:

- **Certified Trainer:** APICS-certified instructor with over 10 years of industry experience, offering practical insights and success strategies.

## Testimonials

**Yahya Ahmed**

I am pleased to share that I have successfully earned the CPE - Certified Procurement Expert certification. The CPE certification has deepened my understanding of both the strategic and operational aspects of procurement, empowering me to make more informed decisions and drive greater value within the organizations I partner with. A special thank you to Task for Training and Business consultancy and CPSCP for providing such a valuable, informative, and supportive learning experience.

**Moataz Elnaggar**

Here's an unexpected present from Task for Training and Business consultancy! I'm excited to share that I've earned my Certified Procurement Expert (CPE) certification thanks to Task for their outstanding training and support during this journey. The skills I've gained will play a key role in driving both personal and professional success.

**Nesma Hassan**

I have successfully earned the CPE - Certified Procurement Expert certification. This achievement marks a significant milestone in my ongoing journey in procurement and supply chain management. The CPE certification has deepened my understanding of both the strategic and operational aspects of procurement, empowering me to make more informed decisions and drive greater value within the organizations I partner with. Thank you Task for Training and Business Consultancy and CPSCP for providing such a valuable, informative, and supportive learning experience.

# THANK YOU!
